

map() = lerp(norm())

convert between ranges!

```
map() = lerp(  
    inputValue = norm(  
        inputValue,  
        sourceMin,  
        sourceMax  
    ),  
    destMin,  
    destMax  
)
```

Grid Variation
